## STI-C

<b>VOLTAGE</b>	<b>230V 50Hz</b>
<b>CONTROL VOLTAGE</b>	<b>12 VOLT</b>
<b>SUCTION VOLUME</b>	<b>150M<sup>3</sup>/h</b>
<b>SUCTION VACUUM</b>	<b>210 mbar</b>
<b>SUPPLY AIR PRESSURE</b>	<b>MAX 8 bar</b>
<b>VACUUM TURBINE</b>	<b>1.3 kW</b>
<b>NOISE</b>	<b>67 dBa</b>
<b>SIZES</b>	<b>450 X 450 X 800 mm</b>
<b>WEIGHT</b>	<b>41.5 Kg</b>

Stucchi 1950

# STI-C

**INDUSTRIAL VACUUM CLEANER EQUIPPED WITH WHEELS.  
SOLID AND COMPACT SHAPE, MANUAL SUCTION CONTROL.  
ELECTRIC AND PNEUMATIC AUTOMATISMS.  
QUIET, TRANSPORTABLE, ONE MOTOR.  
EQUIPPED WITH A HOSE OF mt. 5**

**HIGH PERFORMANCE  
BRUSHES MOTOR  
Single phase - Three-stage**

**AUTOMATIC SUCTION  
START**

**MANUAL VACUUM  
REGULATION**

**SELF CLEANING FILTERS  
EVERY 15 mins.**

**REMOVABLE DUST  
CONTAINER BAG**

# STI-C

The STI-C version is equipped with a reserve tank for the storage of compressed air.

Using the compressed air gun, it is possible to load the tank of your STI-C

The tank stores the amount of compressed air needed to clean the filters (8 hours guaranteed).

This is the best solution to have the efficiency of the mechanical piston without the encumbrance of the air hose connected to the machine.

Ideal also for electric sanders

# STI-C

To effectively clean the filters mounted on the dust extractor, a mechanical shaking cleaning system has been developed. The electronic board controls automatically a pneumatic piston which, by shaking the filter intensely, causes, to the dust deposited filter, to fall into the powder container, thus allowing the filter to run optimally.

Piston cleaning system is recommended for any type of application, because it improves significantly the filter cleaning compared to the "vibrating motor" or "air jet" versions.

To clean the filter with the vertical piston becomes mandatory when it comes to extract powder, even fine, which can quickly clog the filter and cause the engine fail.

The main advantage of this cleaning system is the greater efficiency of the filter shaking with a piston. A further advantage is the automatic cleaning, which eliminates the problem of remembering to clean it manually, so that the operator will not have this commitment.

## Self-cleaning Filter Guaranteed for 5 years

**No additional cost for the replacement of filters and bags.  
Minimum maintenance time.**

Model **STI-C** has numerous accessories for make it even more functional

**KIT PC-I**

The PC-I kit includes and useful multifunctional side with drawers, designed to be installed on our wheeled vacuum cleaners, models STI and ST2, is a fast solution created to make them even more versatile.

**KIT PC-I BS**

Useful functional side, to be equipped with accessory drawer.

**ST-MPO**

Accessory shelf.

**ST-PT**

Paper towels holder.

**AWW**

Waste basket.
